NEXT EVENTS WITH INTERESTING INFORMATION ABOUT EU FUNDING FOR HEALTH PROJECTS

By: Octavio Pernas | January 24, 2012 10:28 AM

Informing and awareness raising are essential tasks within the NCP role for the Health theme of FP7, thus developing promotional activities and attending to Info days and events where entities interested in EU funding might be present.

I will be giving a presentation about EU funding opportunities for Health projects, with special focus on the available information about the 2013 FP7 Health theme call in two events during next week:

- 1. *EU funding opportunities for Health related projects*, organised by East of England local government association (EELGA).

The event will take place next Monday, 30th of January, from 09:30 AM, at The Picture Room, Shire Hall, Chelmsford.

Further information is available in the following link:
